Your Business

More and more people are now using the internet for researching where to find the shop or trade they need. It is much more cost effective advertising and will also compliment any other advertising you may do.

- **Shops** – Make sure your customers know you are local to them listing what you do, your opening hours and a link to multimap to show them where you are.
- **Restaurants** – Display your restaurant menu along with opening times on the site. People are less likely to try your cuisine if they do not know what you do.
- **Takeaways** – Display your menu, opening times and all important phone number in one place not hoping they have kept the leaflet you posted when they need it.
- **Trades** - Plumbers, builders, plasterers, painter & decorators, gardeners, window cleaners, photographers.. Make sure Royal Tunbridge Wells customers come to your local trade and not be led to companies that 'cover the area'.
- **Pubs** – List your events, quiz nights, karaoke nights... along with restaurant menus, beers on tap, sky football and so on.
- **Financial Services** – Mortgage advisors, accountants, financial planners, make sure local people obtain their advice from local people.
- **Jobs** – There is also a section to get your job vacancies listed on the site.
